

FAITH PRESBYTERIAN HOSPICE RESIDENTIAL CARE

WHY CHOOSE RESIDENTIAL CARE?

- When a loved one faces a life-limiting illness, not all situations can be handled in a home environment
- Around-the-clock nursing care is needed, or pain management is too complicated
- The memory of a loved one passing in the home can be too much to endure
- The atmosphere is markedly different from that of an acute care provider, staff is moving at a slower pace and have time to talk with the patient and their families
- Allows families to enjoy quality time with their loved one and continue making memories
- Comfort, support and dignity are the highest priority

THE PICKENS CENTER FEATURES:

- 36 private suites overlooking the lake
- Private patios overlooking lake and landscaped gardens
- Patient beds can be wheeled outside
- Fold-out couch for an overnight guest
- Living rooms and comfortable common spaces

FAITH
PRESBYTERIAN HOSPICE
FOREFRONT LIVING

- Wellness center
- Playrooms for young children and teens
- In-room TV (HULU, Netflix and WiFi)
- Café and dining area
- Spiritual Care Center
- Library
- Outdoor reflection area and labyrinth

BENEFITS TO YOUR LOVED ONE:

- Round-the-clock nursing
- Alleviate pain and suffering
- Daily visit from hospice provider, collaboration/ report from hospice-trained physician
- Quicker to achieve palliation, comfort and symptom management
- Patient-centered individualized care plans
- Child life specialist, social worker and bereavement coordinator offer support when children are involved
- Dedicated team of volunteers enhance our unique services and programs
- Access to wellness programs and resident services at our sister community
- Education for patient and family
- A good choice in lieu of a skilled nursing or assisted living environment (i.e. experts in hospice care)
